Career Objective

I am an enthusiastic MERN Stack Developer with a strong foundation in MongoDB, Express.js, React.js, and Node.js. With a Bachelor of Technology in Computer Science, I am eager to apply my technical skills in a professional setting. My experience includes developing live projects, contributing to team efforts, and creating responsive web applications. I aim to deliver high-quality solutions and continue growing as a developer.

Experience

MERN Stack Developer

Yatiken Software Solutions

Feb 2025 - Present

- Developing and maintaining live projects using React.js, Next.js, and Node.js
- Collaborating with the team to build responsive and interactive web applications
- Implementing frontend components and integrating them with backend services

Web Developer Intern

Yatiken Software Solutions

Jan 2025 - Feb 2025

- Assisted in developing live projects using React.js, Next.js, and Node.js
- Worked closely with the team to create responsive and user friendly web interfaces
- Implemented frontend features and integrated APIs
- Contributed to code reviews and followed best development practices

MERN Stack Developer Trainee

QSpiders

Jul 2024 - Dec 2024

- Completed 6-month training program on MERN stack covering MongoDB, Express.js, React.js, and Node.js
- Gained hands-on experience by working on practice projects and implementing end to end web applications
- Strengthened understanding of full stack development and industry best practices

Projects

ShipDuniya

Next.js, React.js, Node.js, MongoDB

- Developed a shipping and courier service platform with vendor management and tracking features
- Built responsive UI and implemented real time updates for order management
- Integrated APIs for pricing, delivery tracking, and OTP based authentication

GoUniNest

Next.js, React.js, Node.js, MongoDB

- Contributed to a student housing platform for finding accommodations near universities
- Implemented property listing pages with search, filters, and enquiry forms
- Worked on responsive design to ensure seamless usability across devices

PrintNParcel

Next.js, React.js, Node.js, MongoDB

- Built an online print ordering platform similar to Blinkit Prints
- Implemented file upload with customizable print settings like copies, paper size, and color mode
- Developed cart and checkout system with real time updates

Certifications

- MERN Stack Development training from QSpiders, Noida.
- React.js training from Ducat, Noida.
- HTML & CSS for Front-End Web Development by DevCrusade.

Technical Skills

Languages

C JavaScript

Frontend

Next.js React.js JavaScript HTML5
CSS3 Bootstrap Tailwind CSS

Backend

Node.js Express.js

Database

MongoDB

Tools & Platforms

Git GitHub Visual Studio Code

Education

Bachelor of Technology | Computer Science & Engineering

Integral University, Lucknow
2020 - 2024
7.8 CGPA

Intermediate | PCM

Dr. G.L. Kanaujia Public School, Shahjahanpur, Uttar Pradesh
2018 - 2019
69%

High School | PCMC

Dr. G.L. Kanaujia Public School, Shahjahanpur, Uttar Pradesh
2016 - 2017
76.67%
